# BATAU FC DID IT AGAIN

After second place Mbombela drew 2-2 with Benfica on Friday night a much relieved Bataau looked forward to a home encounter with MP Highlanders from Bushbuckridge on Saturday afternoon.

Only a hand full of the opposition arrived at 15:00 whereby the match officials postponed the match and awarded the three points and a 2-0 score line to Bataau FC. “Jonny Ferreira was extremely disappointed as a result of braking the momentum going forward and chance to enhance the confidence levels of the whole squad. Preparing for a match is very demanding physically and mentally for the players and to maintain the

high standards we set at the club the players train at a very high intensity, Hence our frustrated emotions after the postponed of the match”. Bataau travels to play against Barbarton FC on Tuesday workers day in Barbarton and coach Jonny Ferreira is quietly optimistic of getting maximum points.

“I foresee a tough match and look forward to the contest as long as the match officials implement Fifa rules and regulations and not Barbarton rules”. Bataau is still waiting for confirmation from Sifa relating to a result in the match played against Calcutta which Bataau won 1-0 but was recorded as a 0-0 score line by the match officials.

This will rectify the incorrect point's difference on the latest log standings. Bataau will be looking to improve their goal difference on Saturday when they host Mankete at the Mpumalanga Stadium at 15:00.

With six matches left coach Jonny Ferreira feels that four wins and a draw will be sufficient to wrap up the Mpumalanga region as Vodacom champions. There are no injuries currently and players like Khalishwayo, Mathebula, Cebekhulu, and Matsimaya will lead the team by example as they normally do. We wish Bataau all the luck as the next three matches will be crucial to achieving their objectives.
