

BACK TO SCHOOL REACHED ITS DESTINATION MESSAGE FROM THE CHAIRMAN

The Chairman of Back to School Project Mr Milton Malatse would like to send a message of gratitude to the secretary general of Back to school project honourable Jerry Nkambule for having unreservedly pioneered Back to School project. Mr Nkambule carried the project on his shoulders to the Mpumalanga MEC of Education, Honourable Reginah Mhaule in Nelspruit on the 15th of May 2012. Thanks to the MEC for having embraced the project with her two hands.

Speaking to Jerry she said that Khanyisa Back to School is welcomed on board more especially at this moment when we are looking towards achieving 74.8% pass rate in the Province. Every organisation's initiative whether it is private sector or NPO is gratefully welcomed.

This follows the Back to School meeting with the Gettrt Sibane Director of Education Hon. Nokuthula Mthethwa during the MEC's teachers and stakeholders

meeting of the entire Province in Depaliseng Local Municipality in Balfour last week. Furthermore she added that the R13.9 Billion budget allocated to her department was not enough because R9 million of it is going to the salaries and the rest of it is what is left for Education. Jerry continued to ask the MEC

about her vision on the ABET Basic Education in the province and in the correctional services to which the MEC said that it is in her outreach programme in the Curriculum of education. She was delighted to have such stakeholders in the same project i.e. Khanyisa Back to School, and indeed it facilitates programs of the department to

accelerate the process she strongly believes in, her outreach project across the province. The Hon. MEC announced that she will be coming to Mkhondo municipality in few weeks. The aim of the visit is to motivate the teachers, students and stakeholders there to produce the required pass rate in 2012. More on Back to School with the Gert Sibande District Municipality Director of Education Hon. Nokuthula Mthethwa next week. Do not miss next week's edition.

What a loving mother u can go far, to love your children's you need patience and do not buy love to your children's equally. Earn your love

Tender loving care mother

because your child is the greatest treasure in the whole world and as a mother do maintain it. Mother is a very brave and strong person and you can compare her with the strongest animal, Mother is brave enough to bring another human in the world and Mother is brave enough to die for her children's. A mother's wisdom is everything to her children's. Mother wish, is for

her children to be or to do more and be a better person in the world. I congratulate those who can still wake up in the morning and say to their mothers "Happy Mothers Day Mom". There are those who are in needs of the mother, those who never saw their mothers in their lives and those who wish to say "I love you Mom". There are children out there who wishes to

have their Mothers the orphans and abandoned children, so if you wish your mother wasn't here, was not alive think again, think of those children's who really wish to have parents but they do not. So be careful of what you wish for, be careful of the consequences. To all mothers out there "Happy Mothers Month" for your hard work to raise your children and

have courage. Put the strong word to your children that was said by Tata Rolihlahla Mandela he said "South Africa Imfundo it's a powerful weapon that we can use in the world" that was said by the Father of the Nation. So mothers enjoy the minutes, hours and days of this month may your lives be blessed with more years.
